

# MELVINDALE SAFETY TOWN 2021

## Accidents are the leading cause of death in children!

**Safety Town** helps prevent childhood accidents by teaching pre-school children safety principles. We use a miniature city and classroom settings (with a certified teacher and a police officer) to teach children many aspects of safety: traffic, classroom, school bus, home, strangers, medicines, and more. We are registered, accredited and certified by the **National Safety Town Center**. We will be following **safety protocols** that include regular sanitation, hand sanitizing, single use supplies, and daily temperature checks for staff, students, and volunteers. Staff and students who are not feeling well should remain home for that class until symptom free for 24 hours. Non-staff members will not be allowed in the classroom at any time.

**When:** Monday, August 2, 2021 through Friday, August 13, 2021
